American Fork Fire Station Bond

Shall American Fork City, Utah be authorized to issue General Obligation Bonds in a principal amount not to exceed \$8,500,000 and to mature in no more than 21 years from the date or dates of issuance of such bonds for the purpose of paying all or a portion of the costs of purchasing real property, acquiring, constructing, and equipping a new fire station ("Station") and related improvements?

If the Bonds are issued as planned, without regard to the taxes currently levied for outstanding bonds that will reduce over time, an annual property tax to pay debt service on the proposed bonds will be required over a period of 21 years in the estimated amount of \$38.94 per year on a \$ 300,000 primary residence and in the estimated amount of \$70.80 per year on a business having the same value.

The City has other outstanding bonds for which a tax decrease would occur upon the retirement of such bonds, which may not occur if the proposed bonds are issued.

The foregoing information is only an estimate and is not a limit on the amount of taxes that the City may be required to levy to pay debt service on the bonds. The City is obligated to levy taxes to the extent provided by law in order to pay the bonds.
