In order to qualify for a revision of P.I. fees the following condition(s) apply to this property: (Check all that apply)

- Portions of property cannot be irrigated due to slope, vegetation, or wetland limitations
- Portions of property are watered by an alternative watering method (i.e. wells, gravity irrigation, etc.)
- Property is found by field verification to contain more than 55% impervious surfacing
- Portions of property are unable to be watered due to other considerations not stated in Resolution No. 2010-08-31R but deemed valid and in accordance with provisions set by the City Engineers Office.

Comments or Explanations: (Use this section to further comment or explain any additional information you feel we would need to know.)

I (we) agree to pay \$200.00 for the creation of the Record Map and initial application. Also, an annual fee of \$40.00 thereafter for validation of the map by March 31 of each year. If for any reason there is a change of irrigation practices or property size, either more or less, it is the responsibility of the property owner(s) to contact American Fork City staff about such changes.
